this book examines the application of treaties by domestic courts in twelve countries

the central question is whether domestic courts actually provide remedies to private parties who are harmed by a violation of their treaty based rights the analysis shows that domestic courts in eight of the twelve countries australia canada germany india the netherlands poland south africa and the united kingdom generally do enforce treaty based rights on behalf of private parties on the other hand the evidence is mixed for the other four countries china israel russia and the united states in china israel and russia the trends are moving in the direction of greater judicial enforcement of treaties on behalf of private parties the united states is the only country surveyed where the trend is moving in the opposite direction u s courts reluctance to enforce treaty based rights undermines efforts to develop a more cooperative global order

analyses the governance of chinese charitable trusts and the political dynamics between the state and civil society actors

carefully structured and supported with a wealth of examples elise muir provides a clear concise introduction to the eu legal order drawing upon her years of teaching experience muir outlines the history of the eu its key actors modes of action and its daily relevance offering students and instructors an up to date textbook muir pays attention to the latest developments including the impacts of brexit and the covid 19 crisis written for students from a range of disciplines and levels of study this book explains how the eu legal order works muir illuminates the complex and technical areas of eu institutional law through explanatory illustrations schemes and textboxes with this engaging and accessible resource students will be well equipped to understand the fundamentals and functioning of the eu legal order

based on groundbreaking new ideas this treatise signals a return to a rebuilding and reshaping of the curriculum as the primary tool for education this book presents a new definition of curriculum and what it should consist of with a view toward creating a more ethical educated and thinking person rather than treating students as products for society this approach returns to a view of the curriculum as a tool for educating students to reason through problems be bold in creating new solutions and contribute to a more vibrant just world the university curriculum introduced in the post renaissance era dominated by doctrinal philosophy is based on learning or skill development suitable for creating a learned society that would eventually serve the establishment this curriculum has been promoted as the only form suitable for the modern education system it has introduced a tremendous amount of tangible advancement in all fields of the structured education system these tangible gains are often promoted as knowledge this has created confusion between education acquiring knowledge and learning training or skill development this book seeks to clarify the difference between these two divergent views of education it has been shown that the current curriculum is not conducive to increasing a student s knowledge because it is based on consolidating preconceived ideas that have been either passed on from previous generations or gained through personal experience in most cases this mode of cognition will not create a pathway for gaining knowledge that brings one closer to discovery the term education on the other hand is always meant to be a process of bringing forth one s inherent qualities and unique traits necessary and sufficient for increasing one s knowledge

the definitive and authoritative international law text updated to reflect key case law international practice and treaty developments

reports of all decisions rendered in insurance cases in the federal courts and in the state courts of last resort

with historical and explanatory notes and an appendix
